If a person 2) ar a self contained breathing trive suit.	

Product name:	Repairite Concrete Filler Base	PAGE: 2 of 3 PRINT DATE: 02/08/2002 REF: R4
7. HANDLING AND ST	ORAGE	
Handling:	Use only in well-ventilated areas. Keep away from head General industrial hygiene practice.	at and sources of ignition.
Storage:	Keep containers tightly closed in a cool, well-ventilate	ed place.
8. EXPOSURE CONTR	OLS / PERSONAL PROTECTION	
Chemical Name:	National occupational exposure I EH40):	imits (Ref: British COSHH -
BISPHENOL A-(EPICHLC	DRHYDRIN) {REACTION PRODUCT} no	data available
CRESYL GLYCIDYL ETHE	R	
Engineering measu reduce exposure	res to	
- Respiratory prot		e equipment normally required. In ar suitable respiratory equipment.
- Hand protection	Solvent-resistant gloves (butylrub	ber)
- Eye protection:	safety glasses with side-shields, g	oggles.
- Skin and body p		
Hygiene measures:	Wash hands before breaks and in product, Keep away from food, dr not smoke. General industrial hys	ink and animal feeding stuffs. Do
9. PHYSICAL AND CH	EMICAL PROPERTIES	
Form: granular paste.	Colour: grey.	Odour: slight.
q/	/I H2O)	
Boiling point/range	-	
Flash point:	120 °C	
Autoignition temper	rature: >100 °C	
Explosive propertie	S: Not applicable	
Oxidizing propertie	S: Not applicable	
Relative density:	- lower 2.00g/cm3	(20 °C)
Water solubility	insoluble	
10. STABILITY AND R	EACTIVITY	
Stability:	Stable	
Materials to avoid:	amines, acids.	
Hazardous decomp	osition products: None.	
11. TOXICOLOGICAL	INFORMATION	
Acute toxicity:	Epoxy constituents: LD50/oral/rat = 30g/Kg	
	LD50/dermal/rabbit = > 20 ml/Kg LC50/inhalation/4h/rat = fatality =	0
Local effects:	Moderate skin irritation	
Sensitization:	May cause sensitization by skin contact.	
Long term toxicity:	 Components of the product may be absorbed in ingestion Repeated or prolonged skin contact r with susceptible persons. 	
12. ECOLOGICAL INF	ORMATION	

roduct name:	Repairite Base	Concrete Filler	PAGE: 3 of 3 PRINT DATE: 02/08/2002 REF: R4
13. DISPOSAL CO	NSIDERATIONS		
Waste from res	idues / unused pro	with processed mate	urplus and dispose of together rial as cured plastic waste - In al and national regulations
Contaminated	backaging:	In accordance with local and r	national regulations
European waste	Catalogue No:	08 04 99	
14. TRANSPORT	NFORMATION		
Proper st		Not classified as dangerous in the m regulations: UN, ADR/RID, IMO & IA	
15. REGULATORY	INFORMATION		
	ccording to Europe	an directive on classification	n of hazardous preparations
